

Dear community member,

We are happy to be able to provide this service to you. Attached you will find documents that are needed for your appointment. Below are some instructions and things to keep in mind:

1. Please print the patient acknowledgement and pre-vaccination checklist at home and bring filled out to your appointment. Bring copies of your picture id and insurance card, even if you have been seen at the clinic before. Paper copies of the paper work will be available at the clinic, but you will need to complete outside of the clinic. We will copy your insurance card and picture id at the clinic; however this may cause delays for the appointment.
2. Review the Moderna vaccine fact sheet and contact your personal healthcare provider if you have concerns about receiving the vaccine.
3. There is no fee for the vaccine but there is a fee for the act of injecting the vaccine that will be submitted to insurance. If you do not have insurance there are federal funds available to cover the fees. There is no cost to the patient.
4. Contact us immediately if you are late or cannot keep the appointment time. The vaccine has specific timeframes in which it must be used. If you cannot be reached in time, the dose will be given to another eligible person so that no vaccine goes to waste.
5. Please wear a short sleeved shirt to your appointment so that your arm is easily accessible.

If you are not insured and you do not want to pay for administration of the vaccine yourself, you must provide the information below. If you do not provide this information you may be billed for vaccine administration.

I do not have any insurance, including but not limited to Medicare, Medicaid, or any other private or government-funded health benefit plan. In order to have your vaccine administration fee paid for by the United States Health Resources & Services Administration's COVID-19 Program for Uninsured Patients please provide (a) a valid Social Security number, or (b) state identification number and state of issuance, or (c) a driver's license number and the state of issuance: _____

Acknowledgements:

- I made the choice to get the COVID-19 vaccine on my own and freely. I know I have the option to refuse the vaccine. I ask that the vaccine be given to me, or to the person named above for whom I can make this request. I was given the (Fact Sheet for Vaccine Recipients and Caregivers) for this vaccine. The fact sheet has information about side effects and adverse reactions. I read or had read to me the information provided about the COVID-19 vaccine.*
- I know the Food and Drug Administration (FDA) has authorized the emergency use of this vaccine. I know it is not a fully licensed FDA vaccine. I had the chance to ask questions that were answered to my satisfaction. I now know about the vaccine, alternatives, benefits, and risks, to the extent they are known and unknown at this time.*

- I know that I must stay in the vaccine area or an area told to me by my health care provider after I receive my immunization so I am near my health care provider if I have any adverse reactions.. If I have a history of certain allergic reaction(s), I must stay for 30 minutes. If I do not have a history of such an allergic reaction(s), I must stay for 15 minutes.
- I know that if I have a severe allergic reaction, including difficulty breathing, swelling of my face and/or throat, a fast heartbeat, a bad rash all over my body or dizziness and weakness I should call 9-1-1 or go to the nearest hospital. I know I can call my health care provider if I have any side effects that bother me or do not go away.
- I was asked to join the V-SAFE program. The program does health checks on the people who get the COVID-19 vaccine. I know I should report vaccine side effects to FDA/CDC Vaccine Adverse Event Reporting System (VAERS) at 1-800-822-7967 or <https://vaers.hhs.gov/reportevent.html>.
- I know I must get two doses of the COVID-19 vaccine and receive the same vaccine each time. I know that with all vaccines there is no promise I will become immune (not get the virus) or that I will not have side effects. I know I may choose to not get the second dose of the vaccine. But if I do not get the second dose, the chance that I will become immune may go down.

Authorization to Request Payment: I authorize the organization providing my vaccine to release information and request payment. I certify that the information given by me in applying for payment under Medicare or Medicaid or the HRSA COVID-19 Program for Uninsured Patients, is correct. I authorize release of all records to act on this request. I request that payment of authorized benefits be made on my behalf.

Disclosure of Records: I understand the organization providing my vaccine may be required to or may voluntarily disclose my vaccine-related health information to my primary care physician, my insurance plan, health systems and hospitals, and state or federal registries or other public health authorities, for purposes of treatment, payment or health care operations. I also understand the organization providing my vaccine will use and disclose my health information as described in its Notice of Privacy Practices which I may receive upon request or find on its website.
